PROFILE

I'M NICOLAS DIAZ a passionate Interactive Designer with a broad range of skills in game development, Unity3D and Unreal engine 4. Knowledge in C# and C++, Currently, working on a Game company in Colombia Called Wise in medias S.A.S as a Lead Programmer with Game designer tasks, doing fast prototyping with ideas of a group that i am leading. Great skills using GIT and other versions control like Unity Collab, i am looking for an opportunity to work and upgrade oneself, as well as being involved in an organization that believes in gaining a competitive edge and giving back to the community. I'm presently expanding my experience in coding at C#. I focus on using POO design patterns and good practices for understandable coding, I hope to improve my skills at programming with Unity everyday more. As an individual, I'm self-confident you'll find me passionate for making videogames and becoming a better programmer.
